# Casablanca Infinity

If you are intrigued by discreet and sophisticated shapes, Casablanca Infinity is just the thing for you! This low enclosure, which makes a very discreet first impression in the garden, hides many secrets to attract everybody's attention. Its angular clear roofing material, futuristic carbon design and low Air rails are the best evidence.

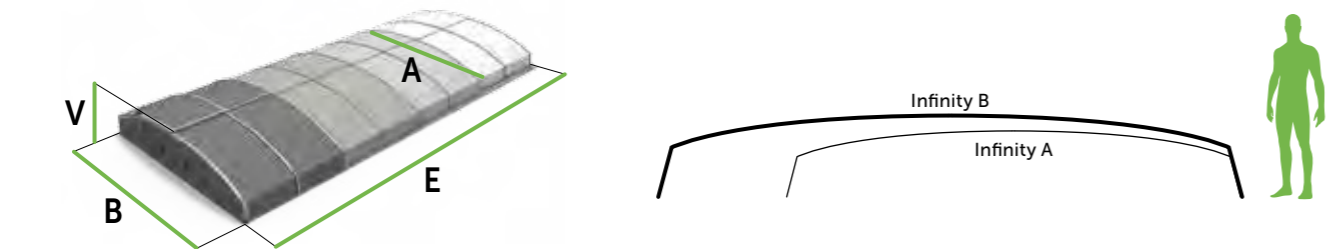

# Casablanca Infnit

Series

**i** The enclosure is delivered with rails on the left and right side in the length of the enclosure. For moving the enclosure outside of the area of the pool, we recommend buying extension rails. More information on enclosure equipment, colour options and technical details can be found on pages 98 - 105.

# Lean on wall enclosures

Custom

Many lean on wall enclosures can be ideally used where the swimming pool is situated too close to a building or a wall.

In that case the enclosure is anchored in the ground on one side and mounted on the wall of the building on the other – from the top or from the side. You can make choice between the Dallas and Casablanca models, in a wide range of colours and accessories. We will suggest the most suitable solution just for you.

# Lean on wall enclosures

Custom

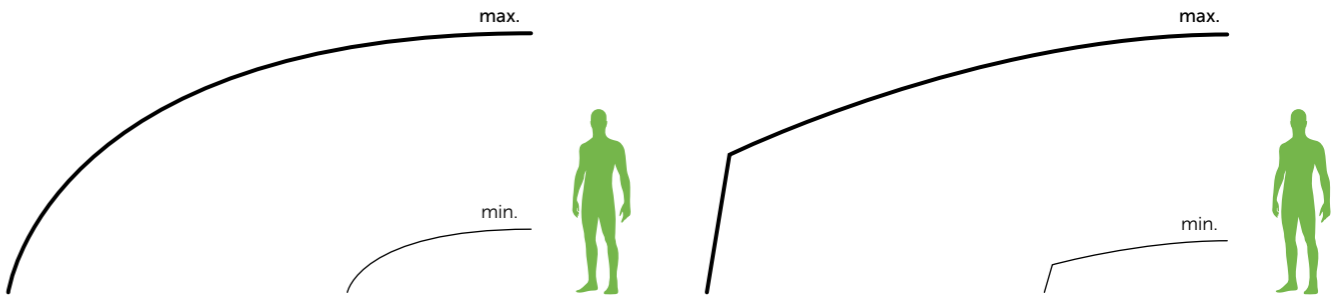

- Supporting L or XL profile
- Optional doors in both front and back panels
- Wall rail with a water drip
- Optional side entrance
- Optional clapper in both front and back panels
- 4mm compact polycarbonate, 8 or 10 mm twin wall polycarbonate
- Horizontal Air rails 70 or 110 mm

**Wide range of colours**

according to the valid colour chart

More information on enclosure equipment, colour options and technical details can be found on pages 98 - 105.
